

## **Informed Consent Form for legal representative in relation to the Youth Survey Luxembourg 2024**

As legal representative of a 12-15-year-old, who has been invited for participation in the YSL 2024, you have received our information letter which includes the invitation for the adolescents, whose legal representant you are. Please read the data policy information here and the project information here carefully.

**ONLY** give the invitation and the sheet with the ID and password to the adolescent, whose legal guardian you are if you have read the data policy information here and the project information here carefully and agree with the statements below:

By giving the invitation and the sheet with the ID and password to the adolescent, whose legal guardian you are, you agree that:

You consent to the collection and use of personal data (only indirect identifiers as described in the information notice about personal data processing here) of the adolescent, whose legal guardian you are in relation to the Youth Survey Luxembourg 2024.

You agree to the data provided by the adolescent, whose legal guardian you are being archived at the University of Luxembourg and being used in pseudonymised form for other research in the area of youth in Luxembourg beyond the Youth Survey Luxembourg 2024.

You consent to data belonging to the adolescent, whose legal guardian you are, being processed as described in the information notice here for the purposes of policy briefs, PhD theses and other scientific publications.

By giving the invitation and the sheet with the ID and password to the adolescent, whose legal guardian you are, you acknowledge that you give consent for the use of the personal data of the adolescent, whose legal guardian you are, as specified above, and that the researchers have sufficiently informed you about the nature and potential consequences and risks of the Youth Survey Luxembourg 2024, and that you are aware that you can ask further questions. Further you acknowledge that you have read the information above.
